CULTURE
BUILDS
COMMUNITY

Who we are:

SaskCulture Inc. is a community-based, volunteer-driven organization that works with its membership and other community partners to build a culturally-vibrant province, where all citizens can celebrate, value and participate in a rich, cultural life.

We are working towards:

- a province with a strong, thriving, cohesive cultural community;

- a province where people's lives are strengthened and enriched through participation in diverse cultural activities.

Culture is:

Culture often refers to the particular values, beliefs, knowledge and traditions of a group of people. Examples include: painting, dance, theatre, music.

Heritage: Heritage is what we have received from the past. It shapes our present identity and provides insight for our future. It includes stewardship, preservation, research, education and engagement. Heritage activities include: languages, archaeology, and genealogy. Heritage institutions include: museums and libraries.

Multiculturalism: Multiculturalism represents the openness to experiencing and celebrating cultural differences within the Canadian context. It is inclusive of all peoples and respectful of the rights of individuals and groups to maintain and practice their cultural heritage distinctiveness, growth and evolution. It recognizes diversity and builds community by encouraging people to share, learn, appreciate, respect and accept.

Cultural Industries: Cultural industries include the businesses and individuals that earn their income from the development, production and distribution of cultural products to buyers or users. These products include: books, CDs, film and video, craft and works of art, and other intellectual properties.

Who we are:

We are a community-run, volunteer-driven federation of provincial sport governing bodies and multi-sport service organizations. We strive to improve the well-being of Saskatchewan residents by ensuring that all people can participate in sport at the level of their choice. Through our Sport. It's More Than A Game program, we promote the benefits of sport to all Saskatchewan people. Some of these benefits include health, physical fitness, economic, social and personal well-being. We also work in partnership on a number of Tri-Global Initiatives with the Community Initiatives Fund (see the Tri-Global Initiatives Section for more information on the initiatives we are involved in and the Community Initiatives Fund).

What we are working towards

- A province which provides healthy sporting activities for people of all ages and abilities.
- A province where people, regardless of age, gender, race or religion, can participate in sport and receive its tremendous benefits.
- A province where sport is a key component of a healthy lifestyle.

How we are governed:

Sask Sport Inc. is governed by a volunteer board of 13 directors. The executive includes the President, Past President, Vice President of Sport, Vice President of Saskatchewan Lotteries, Vice President of Saskatchewan Lotteries Trust Fund for Sport, Culture and Recreation, and the Secretary Treasurer. Four directors are elected each year by the general membership for three-year terms. Each voting member can nominate one person to the board.

Our members:

We are a federation of 58 provincial sport governing bodies, 12 affiliate members and 15 associate members. Provincial sport governing bodies govern the circumstances of a particular sport activity and are recognized by their national sport governing bodies. Affiliate members, such as the Saskatchewan High Schools Athletics Association, are actively involved in conducting and regulating sport competitions but are not recognized as a provincial sport governing body. Associate members wish to contribute to or be associated with amateur sport, but do not directly conduct or regulate sport activities such as the Lifesaving Society and the Saskatchewan Association of Recreation Professionals.

Provincial Sport Governing Bodies:

Provincial sport governing bodies are responsible for all aspects of their sport. These organizations coordinate sporting activities and distribute funds to clubs, teams and athletes in communities throughout the province. They also provide governance, professional guidance, ensure safety, provide insurance, set rules, raise funds, acquire sponsorships, and train athletes, coaches and officials. The Saskatchewan Baseball Association, Softball Saskatchewan and the Saskatchewan Volleyball Association are examples of a provincial sport governing body.

Our Programs and Services:

Funding from the Sport section of the Saskatchewan Lotteries Trust Fund supports approximately 70 provincial sport governing bodies and multi-sport organizations. Through these organizations, funding is used to support approximately 6,000 local sport organizations and teams to provide a variety of programs and services such as introductory clinics, high performance training, sport science & medicine services and leadership development. As well, sport organizations initiate programs that are directed at increasing participation for all Saskatchewan residents. Each year more than 100 major sport events are organized by provincial sport governing bodies and are managed by volunteers throughout Saskatchewan.

Our programs and services are modeled upon the four pillars developed by Sport Canada: Enhanced Participation, Enhanced Excellence, Enhanced Capacity and Enhanced Interaction.
